Mr. Echols -

SUBJECT: Liaison w/State on Herter Committee Report

STATINTL

Per our conversation, I have talked with [REDACTED] and asked him to prepare a report of our liaison contacts with State and recommendations (if any) for additional efforts. I told him that Colonel White had requested this and that it was a priority item.

When we talked, I read to you only the last paragraphs of the memo. However, I believe you would be interested in the first two pages which were concerned with the "national communications system."

Bertie
